

Company code : 2332

No : 1

Subject : To Explain the Media Report

To which item it meets : paragraph 51

Date of events : 2023/10/19

Contents :

1.Date of occurrence of the event:2023/10/19

2.Company name:D-Link Corporation

3.Relationship with the Company (please enter " the company itself" or " subsidiaries"): the company itself.

4.Reciprocal shareholding percentage: N/A.

5.Name of the reporting media: iThome

6.Content of the report: "D-Link 1.2GB product source code, customer, and employee data are being offered for sale on a hacker forum."

7.Cause of occurrence:

(1)The data mentioned in the article is the backup data for a specific product's trials and logins that reached its end of life as early as 2015.

This data was leaked due to improper storage, but there has been no intrusion or breach into the server and cloud.

(2)The data comprises approximately 500KB of registration and login information for a discontinued product, primarily consisting of outdated data with low sensitivity and semi-public attributes.

There has been no exposure of product source code or user financial information, and this incident has not significantly impacted our company's operations or existing users.

(3) We will continue to enhance our information security infrastructure to ensure business continuity and data integrity. We also encourage all departments to adhere to information security principles and best practices, remaining vigilant for any abnormal network activity.

8.Countermeasures: Appropriate countermeasures were taken.

9.Any other matters that need to be specified: None.
